

NORTHWEST MOTION

Northwest Motion provides High Performance Motion Control Systems and Automation Components to Industry in the Pacific Northwest. Since 1987, we've provided the World-class products and services to meet the most demanding motion control applications. From precision mechanical devices to multi axis control systems, ask us how we can optimize your machine performance.

DRIVE & CONTROL SYSTEMS

- Servo Motors & Drives
- Stepper Motors & Drives
- Linear servo motors
- Frameless & Kit Motors
- Custom Motors
- Motion Controllers (PC & Stand-Alone)
- Programmable Logic Controllers
- Remote I/O
- Human Machine Interface

Rexroth

Bosch Group

ACS MotionControl
Your Competitive Advantage

ACG

Beijer
ELECTRONICS

AC MOTORS & DRIVES

- Variable Frequency Drives
- Vector Control Drives
- Vector, Inverter, & General Purpose AC Motors

MEASURING DEVICES

- Rotary Encoders
- Linear Encoders
- Wire-Actuated Encoders
- Temperature Controls
- Timers

HEIDENHAIN

SICK | STEGMANN

SAFETY, SENSORS & VISION

- Light Curtains
- Relays
- Safety Mats
- Area Scanners
- Programmable Safety Controllers
- Photoelectric, Fiberoptic, Laser Sensors

STI **OMRON**

SENSOPART

FIELD BUS SCANNER MODULES

icotek

CABLE ENTRY COMPONENTS & SYSTEMS

NORTHWEST MOTION

Northwest Motion provides High Performance Motion Control Systems and Automation Components to Industry in the Pacific Northwest. Since 1987, we've provided the World-class products and services to meet the most demanding motion control applications. From precision mechanical devices to multi axis control systems, ask us how we can optimize your machine performance.

Linear & Rotary Motion

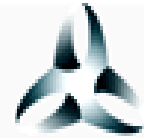

- High Precision Stages
- Linear Modular Systems
- Cartesian Robots
- Rodless Actuators
- Rotary Stages
- Indexing Cam Tables
- Intelligent Actuators
- Linear Bearings
- Ball Screws
- Linear Motors
- Rack & Pinion
- Special Environments

Rexroth Bosch Group

CARSON MFG. INC.

DEMAG

Cranes & Components

Rexroth Bosch Group

Gearing & Couplings

- Servo Precision Gearing
- Shaft, Hollow & Flange Options
- Gearmotors
- Industrial Gearing
- Zero Backlash Couplings
- Torque Couplings
- Line Shafts

Wheel Block Drives & Overhead Cranes

Pneumatics

- Cylinders
- Guided Actuators
- Rotary Actuators
- Grippers, Vacuum Technology
- Directional, Flow & Check Valves
- Valve Terminal Manifold Systems
- Pressure Regulators
- Fieldbus Connections
